Information Security Analyst Interview Questions - Personal, Technical, and Behavioral

- Why did you apply for a job of Information Security Analyst?
- Why did you apply for a job with us? Why not one of our many competitors, who advertise the same vacancy?
- What motivates you the most in work?
- Tell us something about your experience.
- Where do you see yourself in five years time?
- What do you like to do in your free time?
- What are your salary expectations?
- If we hire you for this job, what will be the first thing you do?
- Give me an example of a time when you had to explain something fairly complex or technical to a frustrated colleague. How did you handle this delicate situation?
- Describe a time when you had to meet a tight deadline, or when you had to react promptly to a situation. Describe a situation when you were unable to solve the problem on your own. Describe a situation when you did not agree with the opinion (or decision) of your superior, and knew that they were wrong. How did you handle that?
- Describe a conflict you had with your colleague.
- Describe a situation when you had to motivate someone in work (your colleague, your subordinate, or even your superior).
