## Your Best Job Interview Coach Since 2011

### Manufacturing Engineer Interview Questions

1. Why did you apply for this job?
2. Walk me through your resume.
3. How do you imagine a typical day in work?
4. Describe a time when you struggled to communicate something to your boss, colleague, or to a customer/vendor. How did you manage to get your message over?
5. What motivates you the most in this job? What will motivate you to stay with us?
6. Why do you want to work for us, and not one of our competitors?
7. What are your salary expectations?
8. Why should we hire you, and not one of the other applicants?
9. Do you plan to progress in your studies distantly, while employed with us?
10. Describe a conflict you had with one of your colleagues.
11. Describe a situation when you faced a particularly demanding problem or challenge in your personal life. How did that affect you in your job?
12. Describe a situation when you reached a goal and tell us how you achieved it.
13. Do you have any questions after everything that has been said in this interview?
