### Sample answers to “Why do you want to work for us?” interview question

- I really like the philosophy of your company. To help the local community and actively participate in the social sector is something that attracted me to your offer. I'd be proud to work for a company that follows these values, and actively participate in the local community.
- I have read references from your employees online. People seem to be satisfied in your company, they seem to grow professionally at this place. What is more, your office is just ten minutes walking distance from my apartment. These are the two main reasons why I want to work for you, and not for someone else.
- The system of benefits you offer to your employees is excellent. You reward the best people generously, and that is exactly the model I am looking for, since I want to be one of the best people in the company. What is more, I really like your products, and I am also your customer.
- The list of working duties suits me perfectly. I have already worked on a similar position at XYZ company, and I can handle the things you do here easily, and with great precision. I'd like to continue my career in this field, and that's why I decided to apply with you.
- My goal is to make a career in a big international company. I have read a lot about your business, and considering that you are a leader in the field, and that there are so many career growth options with you, I was really motivated to apply for this job. On the top of that, I have read amazing things about your training program, and I am eager to learn a lot of things in the company.
- I use your products everyday, and I consider them good quality products. I have only positive associations when it comes to your brand, and that is why I decided to apply with you.
- I am a musician, I play various instruments, and music is my passion. I can't imagine a better job than selling musical instruments, and the product selection in your store is just breathtaking.
- This company has been great one day, but now you struggle. I like challenges, and I believe into my abilities. I feel ready to bring you back to the top, and that's why I went and applied for this managerial role.
- This is my first job application, and I was looking for a place where I can learn a lot, and grow professionally. I wanted to work for people who are not afraid to hire young talent and help them grow. I identified your company as such a place, and decided to apply.
