

Job Promotion Interview Questions

1. Describe the time you've spent in our company so far.
2. Why do you want to get promoted to XYZ position?
3. Do you think that you need to improve on some skills, or gain some knowledge, to be able to handle the new job?
4. Some of your current colleagues are also interviewing for this position.
How do you think your success will impact your relationship with them?
5. How will you handle it if we don't promote you?
6. What are your salary expectations on the new position?
7. Why do you think you deserve this promotion more than your current colleague [name of your colleague]?
8. Imagine that we promote you to this role. What will be the first thing you'll do in your new position?
9. How do you imagine your day in work will change with this new job?
10. If we promote you, for how long will you be satisfied with the new role?
(When will you demand another promotion?)
