Demand Planner Interview Questions

1. Why do you want to work as a demand planner?
2. Please tell us something about your previous working experience.
3. What do you know about our business field and demand patterns in it?
4. Describe the best and the worst forecast you've ever made.
5. Describe a time when you struggled to communicate something technical to someone (for example explaining your prediction to one of the managers). What did you do to eventually get your message over?
6. Describe a time when you had to meet a tight deadline.
7. What do you consider your greatest weakness when we talk about planning and forecasting?
8. What do you do to minimize the number of mistakes you make in your work?
9. Where do you see yourself in five years time?
10. Why did you leave your last job?
11. Do you have any experience with computer programs for mathematical and statistical analysis?
12. Describe a time when you faced a conflict of your personal and professional interests.
13. What motivates you the most in this job?
14. In your opinion, what are the key points in a proper demand forecast?
15. What are your salary expectations?
16. Why do you feel you are qualified for this position?
17. Do you have any questions?
