## Your Best Job Interview Coach Since 2011

### Lab Assistant Interview Questions

1. Please tell us something about yourself.
2. Why do you want to work as a laboratory assistant?
3. How do you imagine a typical day in work in this laboratory?
4. Do you have any experience with basic lab work such as preparing samples/specimen?
5. How would you ensure to adhere to health and safety guidelines in your work?
6. What computer software do you have experience with?
7. This is a repetitive job. How do you plan to deal with a crisis of motivation?
8. How do you ensure that you make no mistakes in your work?
9. What do you consider your greatest strength as an administrative assistant, and your biggest weakness?
10. Where do you see yourself in five years from now?
11. How do you feel about cleaning the lab and related premises? Are you okay with doing this type of work?
12. After everything we discussed in this interview, do you have any questions?
