### Property Manager Interview Questions

1. Can you please tell us something about your working experience?
2. We own this and that property. How would you market it to prospective tenants?
3. How would you set the price for a rent for any given property/office space?
4. How will you choose companies or individuals to take care of repairs and maintenance work in the properties?
5. An important tenant is one week late with their payment. They were late also the last month. What will you do?
6. How do you (would you) maintain the records of incomes and expenses associated with your work?
7. How do you feel about evicting a tenant? Imagine a young family with two kids. They haven't paid for three consecutive months. How do you feel about expelling them from a property?
8. Describe a conflict you had with one of your tenants.
9. How do you feel about doing an inspection in one of the properties on Sunday afternoon?
10. Do you have knowledge of laws and regulations applicable to property management?
11. How will you lead an interview with a prospective tenant? What questions will you ask them?
12. What are your salary expectations?
13. After everything we said during this interview, do you have any questions?
